

Campus. Corporate. These two words carry a huge significance in a professional's life, especially in today's world of cut-throat competition. Campus signifies education, knowledge and learning. It signifies an unending, life-long yearning for learning.

Corporate, on the other hand, signifies career in the open world. It signifies the world where one works to earn a living. It could be any industry, bank, retail, agriculture, government, private sector, academia, business, entrepreneurship etc. Just like a campus stands for **learning**, corporate stands for **earning**.

CampCorp™ is the first organization of its kind in India which provides end-to-end Training, Consulting and Audit services to both the key pillars – campus and corporate. It has a comprehensive bouquet of solutions and services in the areas of Higher Education, Software, Information Security, Quality, Environment, HR, Management and Social Compliance. Its offerings are packaged as Consultancy, Training, Audits, Software Solutions and Market Research.
